

Trinity Bird Walk & Count

Recurring Local Bird Walk / 4 Walks per Year (January - April - September - October)

The **Trinity Bird Count** (TBC) walk is along the Trinity River. It takes place on a Sunday morning in January, April, September and October. The actual Sunday date may change so as not to interfere with other Ft Worth Audubon activities. Check the Events Calendar at www.fwas.org for the next planned date.

Tom Haase leads the walk in conjunction with Audubon Texas. He asks that participants meet at Starbucks about one-half hour before the walk begins for coffee and chit chat. Starbucks is located in the Trinity Commons Shopping Center. The shopping center is at 3000 S. Hulen St. #143, Fort Worth, TX 76109.

The start time for January and November is 8:00 AM. The start time in the hotter months of April and September is 7:30 AM.

The walk will begin on Bellaire Drive S on/near the bridge crossing and following the tributary/path leading to the Clear Fork Trinity River. Parking is available all along the street leading up to the bridge. We will follow the paved path/trail (Fort Worth Trinity Trails) along the river to just under the Chisholm Trail Parkway bridge. Then we return to our cars. The walk will be approximately 2 hours in duration.

This is an easy walk physically. It is a great birding fieldtrip for those new to the Ft. Worth area as well as for folks who are new to birding.

Wear clothing appropriate for the weather. Bring water and snacks if needed. Binoculars will be available for those who need them.

If you have a question for Tom, please send your question by email to avianadmin@fwas.org.
